## GREAT VALUE, GREAT NEW OPTIONS

The RIA Imports line has been so well received, we're doing everything we can to continue its growth.

This past year, we added the VR82 to our wildly popular VR Series. It looks and performs like the semi-automatic VR80 with its familiar AR-15 ergonomics and controls, except the VR82 is a 20-gauge. It's perfect for junior shooters and home defense.

We also expanded our revolver line with the addition of new AL Revolvers in .22 and .22 Magnum calibers. They're super easy to handle and have light recoil.

Remember, all RIA Imports firearms have been vetted by our strict quality control standards and are covered by our Rock Island Armory Limited Lifetime Warranty for peace of mind.

Even more new products are in the works. Keep your eye on **[armscor.com/new-products](https://armscor.com/new-products)** for the latest.

Thank you for your support.
