2023

PRODUCT CATALOG

2022 WAS A BIG YEAR!

Last year saw the successful launch of RIA-USA, our U.S.-based manufacturing facility in Cedar City, Utah. I've dreamt of making firearms in the United States for a long time and it's finally a proud reality!

Speaking of RIA-USA, we're kicking off 2023 with the long-awaited release of the RIA 5.0. A lot of great thinking and innovation went into this firearm and I'm excited to get it into your hands. It has a patented RVS recoil system engineered to maximize barrel mass and linear movement for soft recoil. And with a deeper bore axis, the muzzle stays flat for faster target acquisition.

In other news, we're expanding our BBR Series to include a 9mm model for an option with less recoil and improved stability. We're introducing the Li380 to our carry line. And we're kicking off two more RIA-USA firearms, the VRPF14 and the PF14. We're beyond excited to be sharing our newest innovations with you. Stay tuned for more products to come throughout the year.

As always, thank you for your support and feedback.
You keep talking and we'll keep listening.

HAPPY SHOOTING!

PROTECT WHAT MATTERS.

When choosing a firearm for home defense, think about what matters. Accuracy. Light recoil. Ease of use. Velocity. The TCM checks all those boxes and is so easy to handle, anyone in the family can use it. Each TCM model comes with a high capacity 17-round magazine and fires our proprietary 22TCM round, which has been reimagined in full nickel for improved performance.

AMERICAN INSPIRED.
AMERICAN MADE.

Amscor and Rock Island Armory’s expansion into the U.S. market in 1985 was only the start. Now, we have RIA-USA added into our family of brands as our commitment to excellence continues with the launch of our line of premium firearms made entirely on U.S. soil. Like all Rock Island Armory products, RIA-USA products are backed by our industry-leading Limited Lifetime Warranty.

RIA 5.0

AN AMERICAN-MADE ENGINEERING MARVEL.

The level of research and precision engineering that went into the making of this sporting pistol is unmatched. The RIA 5.0 features a patented RVS recoil system engineered to maximize barrel mass and linear movement for super soft recoil. It has a buttery-smooth trigger for greater accuracy in rapid-fire situations, and a two-piece modular grip frame for flexibility and control.

STK100

THE STRIKER-FIRED PISTOL FOR 1911 LOVERS.

The STK100 is turning heads among striker-fired pistol fans. It has an aluminum grip to add enough weight to reduce felt recoil but is still comfortable to carry all day. Chambered in 9MM, it has 10 and 17-round capacities. And it features a textured grip that's angled like a 1911 grip to give you greater control. For all the advantages of metal for the price of a polymer, check it out.
